

Mark Rheinheimer

I am an experienced project manager skilled in whole project design and completion looking to dive into a new world of technology applications and development.

Experience

2022-Present

Operations Assistant *Your Safety Net*

Manage coordination for patient transport to and from medical appointments. Handle all billing entries. Oversee a team of 15 drivers and communicate all daily operational information.

2017-2022

Domestic Engineer *Rheinheimer Family*

Managed multiple schedules for a household with two adults and five children. Created daily routines. Established household budgets for utilities, food, and necessities. Balanced caregiving and homeschooling duties with continued home improvement work.

2012-2016

Master Welder *Becket Fabrication*

Experienced MIG welder. Supervised a team and reviewed incoming projects. Adhered to all safety practices. Interpreted design by accurately taking/reading measurements to plan layout and welding procedures.

2008-Present

Owner *Rheinheimer Home Improvement*

Custom home design from excavation to complete design and finish work. Impeccable attention to detail and ability to strategically plan whole house design and builds as well as small renovation projects.
